

# MEDICAL & SAFETY SERVICES

## MEDICAL SERVICES

Health Security Education is an innovative medical services provider of emergency response solutions, Registered Safety Training and Safety Prevention Consultants. We are dedicated to supplying a high level of professional and emergency care 24/7 anywhere in Australia from a single paramedic to a fully integrated first-response solution including an all-terrain ambulance fleet, highly qualified medical officers (CMOs) and onsite training in the remotest of locations.

Our medic teams are more than just emergency response, ***“onsite we are proactive educators, we’re psychologists, we’re mediators, we’re part of the greater community and foster a safety culture,”***

Malcolm Ball, Health Security Education Medic Coordinator.

We offer short-term & long-term onsite health & emergency response solutions including:

- Emergency Medics
- Fully Equipped Ambulances
- Onsite safety and first aid training
- Emergency Response Coordinators
- Risk Assessments and Safety Planning
- Assist in Incident and Accident Investigations
- Advanced Life Support Equipment
- Implement and Monitor Risk Assessment
- Community Education
- Medical and Safety Supplies
- Medic Vehicle Dry Hire
- Drug & Alcohol testing to Australian Standards & site requirements

## SECURITY SERVICES

Health Security Education is registered as a licensed Security Firm. As your company grows and its assets grow, HSE can offer security services in addition to services already provided to ensure your assets remain safe and operational.

Utilising Static and roving patrols with a uniformed presence to assist in deterring unauthorised personnel from affecting your operational tempo that you are required to maintain.

Entry stationed Security to conduct Site inductions and assist with Safety and manage the personal attending site in accordance with your company policy/requirements.

We also have paramedics that are licensed security officers so we can combine the services of paramedics and security to one person therefore saving our clients' money on dual contracts.
