

# Get trained. Save a life.

FirstAidREADY™ training is essential in the workplace to save lives. Prevent minor injuries from becoming major ones. Get FirstAidREADY™ today.

**Get hands-on learning** with the latest safety training techniques. With Health Security & Education's **First Aid READY** certification you'll have the essential skills to handle any first aid situation, from minor incidents to the most serious of life threatening injuries. Personnel who are trained in first aid are more readily equipped to handle emergencies and assist workmates who may be injured.

Whether you need new or re-certification the Health Security & Education **First Aid READY** training course will give you the knowledge to keep you and your crew safe on the worksite.

### First Aid READY is the right choice.

- Have your team ready to handle any incident on site from minor to serious injuries
- Health Security & Education has the latest equipment to facilitate your staff training
- Remote area first aid specialists can visit your remote sites to instruct on your equipment
- Learn from real-life scenarios from our experienced training instructors
